

Dmitry Kurmanov

Senior Frontend Developer

Armenia • +374 91 613143 • kurmanov.work@gmail.com • [LinkedIn: dmitry-kurmanov](#) • [GitHub: dmitry-kurmanov](#)

Making software for **10+ years** in small and medium companies: startups, product development, and outsourcing. Developed **6 successful web projects**: b2b JS SDK with **200.000 downloads per week**, medical technology, advertising, education tech, and mobile apps. Attracted **1000+ new clients** and **15+ large corporate clients** by solving business problems most efficiently. Being up to date with the best frontend instruments **saved 7000+ developer hours**. Passionating about sharing knowledge and ideas, wrote 7 tutorials, and delivered one public speech.

SKILLS

- **Frontend:** JavaScript / TypeScript, HTML (semantic), accessibility (WCAG), CSS (Flexbox, Grid), SASS, BEM, CSS animations, JS animations, responsive layout, mobile-first layout, Webpack, Rollup
- **Frameworks:** React, Redux, RTK, React-Router, Vue, Angular, Svelte, Knockout, JQuery, MaterialUI
- **Software Development:** Data structures and algorithms, design patterns, agile, TDD, system design
- **Environment:** Azure Dev, NPM, GitHub, Jest, Cypress, Playwright, QUnit, TestCafe, Figma, Zeplin
- **Knowledge sharing:** Tutorials writing, public speaking, onboarding process, review

PROFESSIONAL EXPERIENCE

Senior Frontend Developer

Jun 2020 – Now

SurveyJS - Open-Source JS SDK, B2B, Form Management System

- Developed NPM packages with **60.000+ downloads per week** by creating SurveyJS implementations for React, Vue, and Knockout frameworks
- **Brought 15+ large clients** in government and healthcare with accessibility requirements by heading the project's accessibility direction and compliance with WCAG A, AA, and AAA standards
- **Reduced client issues** with new releases **up to 0** and **saved up to 8 developer hours weekly** by implementing a one-click automated release architecture using Azure DevOps, ensuring integrity with a single button click
- Gave a [public speech about Azure DevOps CI/CD processes in SurveyJS](#) (Auto subtitles, Russian Lang)

Middle+ Frontend Developer

Sep 2016 – Jun 2020

SurveyJS - Open-Source JS SDK, B2B, Form Management System

- **Attracted 300+ new clients** by developing complex drag-and-drop functionality, a key UX feature
- **Saved 200+ developer hours** and **enhanced team atmosphere** by creating a CMS and "How to Use" tutorial, enabling non-technical team members to independently create content for surveyjs.io
- **Saved 4.000+ developer hours** by implementing the BEM methodology, reducing visual regression bug fixes

Frontend Course Co-Author

Aug 2022 – Oct 2022 (Contract)

SkillFactory.ru - Education Technology, Frontend-Dev-Pro Course

- **Taught 30+ people** by creating the TS Advanced and E2E Testing [course](#)'s module (theory, practice, test)

Middle Frontend Developer

May 2015 – Sep 2016

CoMagic.ru - Product Development, Advertising Analysis Single-Page-Application

- **Attracted 10+ new clients** through the development new pages in the SPA advertising analytics application
- **Reduced bug-fixing workload by 20%** by refactoring one .css file (2.000+ rows) into feature-specific .scss files
- **Promoted ReactJS to the team** to improve product growth, leading to a transition to ReactJS after my leaving

Middle Frontend Developer (Mobile)

Feb 2014 – May 2015

Smartech LLC - Outsource, Web-View-based Mobile Applications

- **Attracted 2 new orders for mobile applications** by developing two cross-platform mobile apps
- Developed the HomsBox, the discount application, has **50.000+ downloads in Google Play** now

EDUCATION

- Tula State University, Tula, Russia
Master's Degree, Mechatronics, Robotics, and Automation Engineering, 2012

CERTIFICATES

- [JavaScript Algorithms and Data Structures](#), Freecodecamp, 2023

PROJECTS

- [Auth Form](#) - Beautiful login form with full accessibility support and great UX.
